REVISED BYE-LAW NO X.

The following revised Bye-Law for the licensing of shops, stalls, premises and all other places whatsoever, intended or used for the sale of storage of meat, poultry, fish or fruit, vegetables, grain, or other articles of human consumption, has been framed by the Kolar Gold Fields Sanitary Board under Rule 4 of Section VI of the Kolar Gold Fields Sanitary Rules, and, having received the approval of Government, is published for general information:—

1. No person shall use any place for the sale or storage of, or expose therein for sale, meat, poultry, fish, fruit, vegetables, grain, or other articles of human consumption, unless he has previously applied to, and obtained from, the President a license for that purpose. Such license shall be in force only during the official year for which it is granted, and shall thereafter be renewed annually.

2. The President may, in his discretion, grant or refuse to grant such license, provided that every order refusing a license shall be in writing and shall state the grounds for refusal.

Provided also that, where a shop, stall, premises, or other place, in respect of which the license is applied for, is situate within the boundaries of any Mining Company, the President shall refer the application in the first instance to the Chief Medical Officer of the Mining Board for opinion, and that, if the latter considers (for reasons to be stated in writing) that such shop stall, premises or other place is unsuited for such purpose, the President shall not grant a license.

3. Where a shop, stall, premises or other place already licensed under this Bye-Law becomes, in the opinion of the Chief Medical Officer of the Mining Board, or of the President, unsuited for the purpose for which it was licensed, the President may in his discretion cancel the license, or suspend the license until such place has, in his opinion or in that of such Medical Officer, been made suitable for the said purpose.

4. Applications for renewal of licenses must be made to the President before the end of the first month of each official year, *i.e.*, before the end of July in each year.
